the doctrine of predestination is an important starting point for the study of  
christian theology thought from a reformed theological perspective this  
doctrine is essential because it is one of the central themes from the bible that  
has been the reason for many debates among many theologians in the history  
of the church despite the different views held by mainline protestant  
theologians like martin luther john calvin and jacobus arminius this book points  
to scripture as the basis for reformed soteriology it uses the tools of biblical  
interpretation to show how the entire bible addresses the doctrine of  
predestination so that theology students pastors bible teachers and anyone  
interested in christian theology will better understand predestination from a  
reformed perspective toward an effective ministry today

in this exciting volume new and emerging voices join senior reformed scholars in presenting a coherent and impassioned articulation of calvinism for today's world. evangelical calvinism represents a mood within current reformed theology; the various contributors are in different ways articulating that mood, of which their very diversity is a significant element. in attempting to outline features of an evangelical calvinism, a number of the contributors compare and contrast this approach with that of federal calvinism, currently dominant in north american reformed theology, challenging the assumption that federal calvinism is the only possible expression of orthodox reformed theology. this book does not, however, represent the arrival of a new calvinism or even a neo calvinism. if by those terms are meant a novel reading of the reformed faith, an evangelical calvinism highlights a calvinistic tradition that has developed particularly within scotland but is not unique to the scots. the editors have picked up the baton passed on by john calvin, karl barth, thomas torrance, and others in order to offer the family of reformed theologies a reinvigorated theological and spiritual ethos. this volume promises to set the agenda for reformed calvinist discussion for some time to come.

this book examines the unresolved tensions in milton's writings as he grapples with the paradox of freedom in a universe ruled by an all powerful god.
