women s studies is a rapidly expanding field with a tremendous growth in the number of london courses available as a result of this there has been increasing debate about the nature of feminist research can a specifically feminist methodology be identified which research methods are most appropriate in feminist work what is the difference between a feminist approach and other forms of scholarship researching women s lives explores these issues by focusing on the dynamics of doing research rather than engaging in a theoretical discussion about research techniques feminists are now involved in exploring a whole range of wider issues concerned with practical political and ethical matters in undertaking research in addition to issues such as violence sexuality political activity and popular culture contributors also examine the impact of race class sexual orientation and age

for centuries traditional medicine has been infused with a masculine bias often to the disadvantage of both doctors and patients this book challenges

prevailing views and offers a family oriented feminist approach to the practice of medicine drawing on her 20 years of experience as a family doctor the author dissects the assumptions underlying current teachings about child and adult development sexual abuse the family life cycle and family systems she exposes the ways in which women are often ignored subordinated or blamed in the modern medical system for example she notes that women are often held solely responsible for all problems in their families including child abuse and battering

our universities are the locus of ongoing debates over the politics of gender of class of disadvantage and disability and over the issue of political correctness in a feminist i christine overall offers wide ranging reflections from a first person point of view on these issues and on the politics of the modern university itself in doing so she continually returns to underlying epistemological concerns what are our assumptions about the ways in which knowledge is constructed to what degree are our perceptions shaped by our social roles and identities in the past generation feminists have led the way in recognising the importance of such questions and recognising too the ways in which personal experience may be an invaluable reference point in academic theory and practice but reliance on personal experience is fraught with problems how is one to deal with tensions between the autobiographical and the analytic this book points the way to resolving some of those tensions and to fruitfully sustaining others it is a book of considerable insight warm humanity and genuine importance

this philosophical monograph on forgiveness is the first of its kind to be written from a feminist perspective kathryn j norlock urges scholars to attend to gender when analyzing and recommending forgiveness in practice she demonstrates that while many academics find the concept of forgiveness both complex and fascinating they seldom pay attention to the fact that issue of forgiveness intersect with those of gender in many crucial ways by redefining forgiveness and what constitutes as an act of forgiveness norlock encourages readers to consider new questions about the advisability of trying to have a single universal set of conditions for forgiveness because of the multidimensional nature of its practice and application

soon after its publication in 1973 fear of flying brought erica jong immense popular success and media fame alternately pegged sassy and vulgar jong s novel embraced the politics of the women s liberation movement and challenged the definition of female sexuality yet today more than twenty years and several books later literary reputation continues for the most part to elude jong typecast by her adversaries as a media seeking sensationalist erica jong has been unfairly side stepped by academia charlotte templin contends in this carefully researched study augmented by personal interviews with jong templin assembles and analyzes the medley of responses to jong s books by reviewers critics writers academics and the media by liberals conservatives and feminists she examines the diverse opinions on the merit and relevance to contemporary life of fear of flying the invocation of a high

culture low culture dichotomy to discredit how to save your own life the anatomy of literary success with fanny jong s reception in a postfeminist age and the trivialization of jong s works that is inevitable with mass media exposure templin also shows how antagonistic reviewers tend to identify jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman in turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time the first book to make a detailed examination of the reputation of a woman writer feminism and the politics of literary reputation provides an excellent case study for the literary reception of women writers within a broad cultural context templin s analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores

for years mainstream feminist ethics focused criticism on male supremacy feminist philosophers in this volume adopt a less male focused stance to look closely at oppression s impact on women s agency and on women s relations with women examining legal social and physical relationships these philosophers confront moral ambiguity moral compromise and complicity in perpetuating oppression combining personal experience with philosophical inquiry they vividly portray their daily engagement with oppression as both victims and perpetrators they explore such issues as how pornography silences women and radical feminist politics complicity in racism among these insightful essays sandra bartky argues that women share guilt for racism when they benefit from it without protest susan brison reflects on uses of narrative in trauma recovery from such experiences as being targeted for rape or murder joan callahan examines fallout of derogatory speech directed at lesbians virginia held proposes carrying care into marketplaces and governments and in her introduction claudia card draws on primo levi s conception of gray zones in exploring dangers of character damage to victims of misogyny a fitting companion to card s highly regarded feminist ethics this volume interweaves observations on character political ethics violence and love into an accessible sourcebook for students it tackles some of feminism s most pressing issues and helps readers to identify and then overcome the real damage caused by oppression
